

Instructions to Circulate Petitions

Eric Sundwall for Congress, Special Election NY 20th District

Start Date: February 23rd, 2009

Return petitions to Campaign: Everyday (even if only 1 signature)

Last day to mail: March 4rd, 2009

Last day to hand deliver: March 5th, 2009

- 1) Any registered NYS voter may circulate this ballot petitions
- 2) Any registered NY voter who lives in the 20th District may sign
- 3) We suggest to use a clipboard to sign and bring pens.
- 4) The person must sign their name and address legibly and in ink. Illegible signatures can be invalidated.
- 5) The biggest mistake is found in the Town/City Column, as the "city" mailing address they normally enter may be different than the actual town they reside. (i.e. Ballston Lake is either in the town of Clifton Park or Malta) Either fill it in for them if you know it or ask them what town they pay taxes to. Call us if you have questions.
- 6) Do not sign your own petition. Sign on another volunteer's petition. If your spouse is a registered voter, they can witness a separate ballot for your signature, and vice versa.
- 7) Return completed petitions to the campaign everyday, even if you only have 1 signature.
- 8) Preferably witness (sign on the bottom) petitions after reviewing them with the campaign for completeness and accuracy.
- 9) If people are resisting signing because they "do not know or support the candidate", simply indicate that signing the petition does not show support, but simply gives the candidate the right as an American to be on the ballot.
- 10) Pass the campaign flyer with each person if possible. Flyer is available on website for printing.
- 11) We ask that each volunteer to gather at least 20-100 valid signatures during this period.
